LYNX PROFESSIONAL SERIES

APRIL 2025

LYNX®

LIVE THE LYNX LIFE

LYNX

WE INVITE YOU TO LIVE THE LYNX LIFE.

For the outdoor connoisseur who revels in the art of culinary self-expression and social gatherings, Lynx grills are de rigueur to those in pursuit of the “Good Life”.

With a Lynx grill, the fusion of high-performance cooking and sophisticated design transforms any meal into a gourmet experience. It's not just about grilling; it's about creating culinary masterpieces with the heritage, power, and elegance that Lynx is known for. Whether it's a serene evening with close friends or a grand family celebration, a Lynx-equipped outdoor kitchen is where memories are made, and the essence of fine living is captured.

DESIGN CENTER

THE PERFECT OUTDOOR KITCHEN IS THE CULMINATION OF SUPERB OPTIONS, CAREFUL SELECTION, AND BRILLIANT DESIGN. EVEN BETTER, AT LYNX… IT'S ALL INCLUDED AT NO ADDITIONAL COST!

We've simplified the process of quoting, designing and transforming outdoor grilling into outdoor living with just a few clicks. Just visit **lynxgrills.com** and choose **Design Center**.

There, you can assemble a wish list of products, get a free price quote, or request a complimentary custom design from our outdoor kitchen designers. Just fill out the details in our simple online form.

At the end, you'll have a personal outdoor space where you always feel at home. That's the Lynx Life, and we want to help you achieve it.

We promise to amaze you.

LYNX

LYNX®

PROFESSIONAL SERIES

The Professional Life is all about the details. It's luxurious living, and hand craftsmanship. It's foods prepared on the finest materials money can buy. Crafted by those who know their art. New technology designed and implemented by edgy thinkers, determined to elevate the culinary arts, no matter what's being prepared - from traditional BBQ to luxurious recipes.

The Lynx Professional isn't for show, it's a work of art. It's not about glamour, it's about cooking on a superior machine. One so well engineered and built, that it can seamlessly blend into an elegant outdoor room, but perform on par with its professional restaurant cousins.

A better life deserves a better grade of grill.

LYNXGRILLS.COM

OUR UNRELENTING ATTENTION TO DETAIL AND OUR PASSION FOR INNOVATION HAVE FOSTERED THE STUNNING FEATURES THAT DEFINE THE LYNX PROFESSIONAL SERIES.

These features begin with meticulous hand-crafted excellence, and they culminate in powerful capabilities that give you precision control. They give you the power to perfectly finish a baseball cut of top sirloin, smoke a swordfish steak, slowly brown a rotisserie leg of lamb, or even char a leaf of lettuce without wilting the edge.

If you are accustomed to tasting the best that the world has to offer, then you have been waiting for the Lynx Professional Series.

TRIDENT™ INFRARED BURNER

When you have refined taste, you recognize perfect control. You relish performance that you can restrain—and call upon at your own will. Traditional grill burners are hard to control, because they cook by heating the air around your food. That takes time to change.

A Lynx Trident™ Infrared Burner directly heats the grate beneath your food with 23,000 BTUs of intensive heat. With temperature control that's instantaneous, ranging from 300˚-1000˚, it's the method employed by the world's leading chefs, and now it's in your grill. This kind of control can cook a perfect salad—putting a delicious char on romaine lettuce without wilting a leaf. Now, just imagine what it does for tenderloin or tilapia.

CERAMIC BURNER

The finest cuisine is original and inspired. But it's never unpredictable. Traditional grill burners are inconsistent, because their metal changes as they cook. They suffer when extreme heat expands and contracts the metal, loosening bonds over time. Performance weakens as food residue clogs ports, or corrosive outdoor weather degrades the material.

Delivering 25,000 BTUs each, Lynx ceramic burners are made from cordierite ceramic, a material chosen for kilns and commercial ovens because of the temperatures that it endures. We tested these burners relentlessly, igniting them thousands of times, even when encrusted with sauce or encased with ice. When we place these radiant gems at the heart of your Lynx Grill, we harness the control to let you precisely tune a power you haven't felt before.

SEAMLESS WELDED CONSTRUCTION

The Lynx workshop is a study in skill, a lesson in craft. A welder pauses to focus on an unwelded seam… then, with one swift and steady stroke, he sweeps his torch across the seam—like painting a perfect line—and an unbroken edge emerges. It's over in a second, and that's how it has to be done. We do not use mechanical fasteners. We form every sheet of metal into a solitary, seamless body of shimmering steel, free of gaps and seams where moisture could collect. Hand-tooled, precision welded, and highly polished by the skilled specialists in our shop, each and every grill is inspected before it leaves our floor. We examine details on every side, step back, and check reflections in every light, to ensure that your grill embodies Lynx—finished with invisible welds and hand-polished edges that shine like mirrors.

HEAT STABILIZING DESIGN

Nature's tempests can arise in even in the most scenic places. Mountain resorts, beachside villas, and even inland estates are sometimes subject to great and turbulent gusts of wind.

Lynx has found that these gusts can affect typical grills, entering through the vents. They create swirls of temperature change beneath the grill's hood, and subject tender cuisine to uneven cooking. Our research led us to develop an exclusive wind-deflecting fin along the back of our hoods.

It's how we ensure that people in spectacular places can always create spectacular food.

HOT SURFACE IGNITION

Everything you cook with a Lynx can have a perfect finish. And it can have a perfect start.

Lynx Hot Surface Ignition lights your grill with the push of a knob. It is weather-tested electronic ignition that
simply works, every time, vaporizing the uncertainty and inconvenience of lighting traditional gas grills.

The Lynx Life deserves a perfect beginning. It's easy, from start to finish.

CERAMIC RADIANT BRIQUETTES

Perfect outdoor cooking begins with even heat. Charcoal briquettes can form a steady glow of heat beneath your food—but traditional gas grill burners can create irregular hot spots, forcing you to continually flip and move your food to achieve an even finish.

With Lynx Ceramic Briquettes, your gas grill emanates a perfectly even heat across the base of your grill.

For your convenience, in five minutes, you can cleanse the briquettes by reversing the tray and raising the heat.

ROTISSERIE SYSTEM

A rotisserie unlocks a new realm of food. There is no better way to carefully and evenly cook generous meats like whole chickens and roasts, or baskets of vegetables, chicken wings, and sides.

With a 50 lb. weight capacity, the Lynx Rotisserie has a dedicated burner, selectable positions, and selectable speeds to ensure you have a full range of options. An optional Lynx Rotisserie Basket allows you to carefully cook smaller dishes and sides while preparing a main—you can even roast your own coffee beans. It's simply mesmerizing to watch the Lynx rotisserie steadily turn, summoning mouth-watering scents as it elicits a crisp exterior and succulent interior for lemon rotisserie chicken, red wine leg of lamb, a honey glazed ham, or a bourbon rotisserie pork roast.

SMOKER BOX

When a meal has been cooked with seasoned wood smoke, it has a flavor that's like nothing else.

It's something that must be experienced—a nuance of hickory, mesquite, pecan—the tastes are legendary, the aromas unmistakable.

That's why we provide our stainless steel smoker box, and why we make sure it's easy to use.

You don't always need to use it, but you always need to have the choice.

INTEGRATED ILLUMINATION

The Lynx Life continues all day long, all year round. And there's a mystical air that arises, just as the sun starts to set and the evening arrives. It's a beautiful time to grill… if you can.

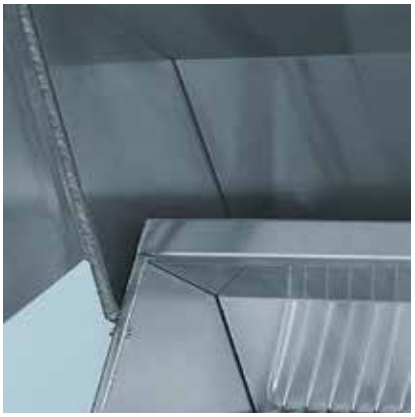
Every Lynx grill incorporates elegant blue illumination emanating from each knob with a calm blue light. As you lift the lid, intuitive halogen illumination shows you exactly how your food is looking.

So, just check in on your food. Then, get back to basking in the sundown grill aroma. It seems to steal an amber essence from the last of the sun.

EXPANSIVE GRILLING SURFACE

The Lynx Life is expansive and deep. It has space to move and relax, always has room for more, and never feels limited or confined. So, we built our grills with more space in mind.

Our expansive grilling surfaces provide greater depth, extending to more than 20 inches deep on most models. You might not need it all. It just feels good to have it.



LYNX HOOD ASSIST

Solid stainless steel gives our grills a sense of substance. They feel firm at every touch, with a sound and an aura of permanence.

But you can lift the hoods with just a finger—each one is centrally balanced, and has a heat-treated assist system that makes it surprisingly weightless to open and close.

You'll probably do it twice—just to feel it again. Go ahead. Everyone does.

LYNX PROFESSIONAL BUILT-IN & FREESTANDING GRILLS

A built-in Lynx Professional grill is a crowning jewel, waiting to be set at the center of your outdoor kitchen. While a freestanding Lynx Professional grill gives you a luxury grilling experience that moves you—and moves with you.

NAPOLI OUTDOOR OVEN™

Gourmands around the world recognize the full flavors and evenly baked finish that can only be summoned from a stone oven.

The Napoli Outdoor Oven™ is a passport to another realm of outdoor cuisine. It can elicit the aromas of a rustic apple cake, rosemary braised lamb shanks, or a basil pesto flatbread. Finish your grilled salmon's garlic sesame sauce into a shimmering glaze.

The oven can be built into your kitchen or placed on a countertop or freestanding cart. The Napoli Outdoor Oven™ is capable of baking at 700°F, and hides an authentic refractory mortar dome beneath its elegant exterior. Impressive in beauty and function, the Napoli will broaden your bill of fare.

LYNX NAPOLI OUTDOOR OVEN™ – COUNTERTOP / BUILT-IN / FREESTANDING

ASADO COOKTOP

A grilled meal has no companion as decadent as one prepared on a flat-top grill—Yangzhou Fan fried rice, a fried pepper and onion topping, or just a mango salsa.

Awaken to the ease of orange crepes in the morning, greeting the day with a refreshing start in the cool outdoor air. The Lynx Asado Cooktop lets you expand your outdoor menu into Asian and fusion dishes that could only be made indoors before.

With a quick start and simple clean-up, it's tempting to call upon the Asado to add a highlight to every outdoor meal.

PROFESSIONAL BURNERS

Sometimes, the difference is in the details.

And details are the specialty of Lynx Side Burners, with small sizes and flexible placements to perfectly capture your side dishes and toppings. Grill summer squash with oil and rosemary, melt a lemon butter sauce for your mahi-mahi, or warm a peanut curry sauce for your chicken. Even spectacular entrées can use an extra touch.

LN15WINE	15” 20 Bottle Wine Cellar

VENTANA STORAGE COLLECTION

The Lynx Ventana Collection of elegant outdoor storage solutions is named after the Ventana Wilderness, 240,000 acres along the Big Sur coast in central California that is renowned as a destination for restoration of the spirit and soul. This coast has been described as “the greatest meeting of mountains and sea".

Combining beauty with functionality, smooth front facings, recessed handles, and handcrafted framing merge to form a sleek and contemporary balance to your Lynx outdoor kitchen. Dust and water resistant, each door and drawer softly closes itself as if to punctuate the elegance of an artistic statement. The Ventana Collection from Lynx proves that small things can make a big difference.

VENTANA STORAGE COLLECTION

MODELS LSA30-4 / LSA36-4 / LSA42-4

WARRANTY INFORMATION

I. LIMITED LIFETIME WARRANTY

The stainless steel grill body, ceramic grill burners, cooking grates, Trident™ burner and rotisserie infrared burner are warranted to be free from defects in material and workmanship when subjected to normal domestic use and maintenance for the lifetime of the original purchaser. This warranty excludes surface corrosion, scratches, and discoloration which may occur during normal use. This warranty is limited to the replacement of the defective parts, with the owner paying a processing fee and all other costs including labor. Failure to perform required maintenance will void this warranty.

II. LIMITED FIVE-YEAR WARRANTY

The following grill parts are warranted to be free from defects in material and workmanship, when subjected to normal domestic use and maintenance, for a period of five (5) years from the original date of purchase; warming racks, spit rods, briquette trays, manifolds and gas valves. This warranty is limited to the replacement of the defective parts, with the owner paying a processing fee and all other costs including labor.

III. LIMITED TWO-YEAR WARRANTY

All other grill components are warranted to be free from defects in material and workmanship, when subjected to normal domestic use and maintenance, for a period of two (2) years from the original date of purchase. This warranty is limited to the replacement of the defective parts, with the consumer paying all labor costs.

IV. LIMITED ONE-YEAR WARRANTY

For a period of one (1) year from the original date of purchase, Lynx will replace or repair parts found to be defective at no cost to the original purchaser. This includes the cost of shipping replacement parts and, where necessary, service labor at prevailing local rates by a Lynx authorized service person. Service will be provided during normal business hours and must be authorized in advance by Lynx.

V. LIMITATIONS & EXCLUSIONS

1) This Warranty shall apply to products purchased and located in the United States and Canada. Products must be purchased in the country where service is requested.
2) Warranty applies only to the original purchaser and may not be transferred.
3) Warranty is in lieu of all other warranties expressed or implied and all other obligations or liabilities related to the sale or use of Lynx products.
4) Warranty shall not apply and Lynx is not responsible for damage resulting from misuse, abuse, failure to provide reasonable and necessary required maintenance, natural disaster, animals, and alteration of or tampering with the appliance, accident, hostile environment, flare-up fires, improper installation or operation, or an installation not in accordance with the instructions contained in this manual, or the local codes.
5) Lynx shall not be liable for incidental, consequential, special or contingent damages resulting from its breach of this written warranty or any implied warranty.
6) Some states do not allow limitations on how long an implied warranty lasts, or the exclusions of or limitations on consequential damages. This warranty gives you specific legal rights and you may have other rights which vary from state to state.
7) No one has the authority to add to or vary Lynx's warranty, or to create for Lynx any other obligation or liability in connection with the sale or use of its products.
8) Limited to the replacement of defective parts with the owner paying all other costs including labor.

VI. WHAT IS NOT COVERED: LYNX SHALL NOT BE RESPONSIBLE FOR AND SHALL NOT PAY FOR THE FOLLOWING

1) Installation or start-up, damages or problems caused by improper installation or use.
2) Service by an unauthorized service provider.
3) Damage or repair due to service by an unauthorized service provider or use of unauthorized parts.
4) Warranty does not apply to products installed in any commercial or non-residential application. Examples of excluded applications include, but are not limited to day care centers, schools, bed and breakfast centers, churches, private clubs, fire stations, club houses, common areas in multi-family dwellings, restaurants, hotels, nursing homes, food service locations and institutional food service locations. *Contact Lynx for Common Area Warranty.
5) To correct normal adjustments or settings, due to improper installation, commissioning or local gas supply properties.
6) Shipping and handling costs, export duties, installation, removal, or re-installation cost (RMA excluded).
7) Display models are sold "as is". If you have purchased a display model, please be advised that it is sold "as is" and that it is subject to the following warranty exclusions: any exterior or cosmetic damage is non-warrantable; any missing components will be replaced at consumers expense; major handling damage to manifold, valve and ignition system will be serviced at consumer's expense; all other warranties will remain in effect.
8) The cost of a service call to diagnose complaint.
9) Modification to Lynx product will void related warranties

** Please refer to Accessory Care & Use for respective warranties.*

HOW TO OBTAIN SERVICE FROM LYNX

Before calling for service, please make sure you have the following information:

• Model Number • Date of Purchase • Proof of Purchase by the original owner • Serial Number

Serial number can be located on the rating plate, which is located either on the underside of the drip tray or on the heat shield behind the front panel
